JUDGMENT

Even though petitioner's grievance is that no disciplinary action is being taken against students who committed grave indiscipline, Standing Counsel for second respondent submitted that under a settlement three teachers are nominated to conduct enquiry and to take appropriate action against the students involved in violence. Since petitioner has a specific case that crime is registered by the Police against some students, I make it clear that the management should not take it lightly and every student involved in violence should be proceeded against and deterrant disciplinary action taken, but after following a fair procedure of conducting enquiry, giving notice and after hearing those proceeded against.

W.P. is disposed of as above.
